

Project Status -1

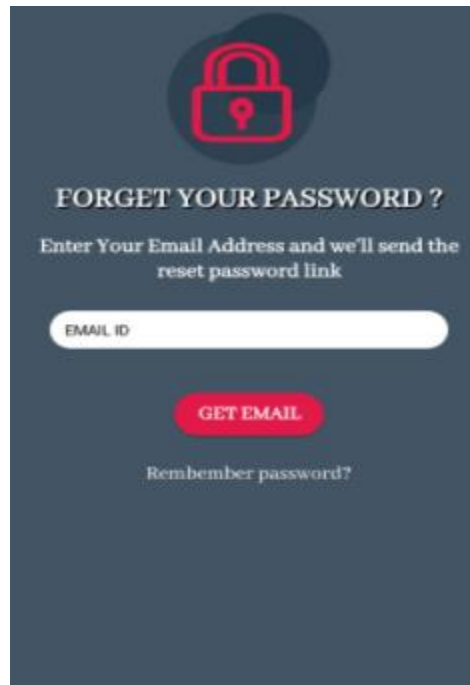

- Project Completed in percentage – 10%
- Project part completed in the last days:

Firstly we have understand about the app. Thinking about the layout various layout for the app. After that we have design DFD, USE-Case ad sequence Diagram to analyze our requirement. Then we have created Splash Screen, Login Page, Sign-Up Page, Forgot – Password page using XML and connect them with their corresponding activity using Kotlin. After that we have connect it with the firebase database to store the login details.

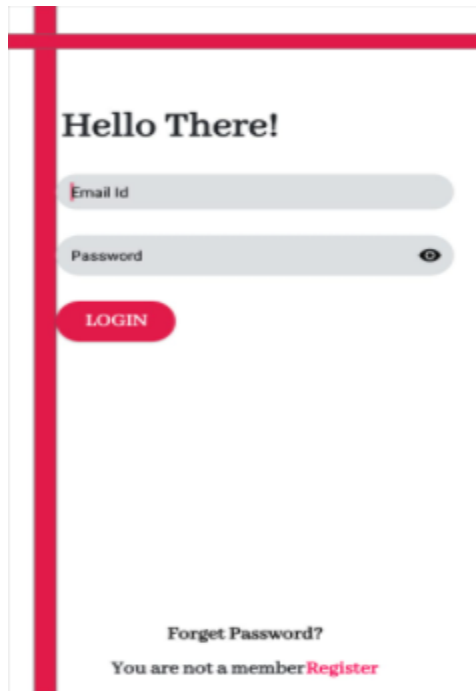

- Screen Shots of the work done:

A screenshot of a mobile application's registration screen. The background is a gradient of purple and pink. At the top, the text "Register Yourself" is displayed in white. Below this, there are five white input fields with rounded corners, each containing a label: "Name", "Email id", "Phone no", "Enter Password", and "Confirm Password". The password fields have small circular icons with an eye symbol to toggle visibility. At the bottom, there is a red button with the text "CREATE ACCOUNT" in white. At the very bottom, the text "Already a Member ?" is visible in white.

A screenshot of a mobile application's forgot password screen. The background is a solid dark blue. At the top, there is a red padlock icon with a keyhole. Below the icon, the text "FORGET YOUR PASSWORD ?" is displayed in white. Underneath, the text "Enter Your Email Address and we'll send the reset password link" is shown in white. A white input field with rounded corners contains the label "EMAIL ID". Below the input field is a red button with the text "GET EMAIL" in white. At the bottom, the text "Remember password?" is displayed in white.

A login form with a red vertical bar on the left and a red horizontal bar at the top. The text "Hello There!" is displayed. Below it are two input fields: "Email Id" and "Password" (with an eye icon for toggling visibility). A red "LOGIN" button is positioned below the password field. At the bottom, there is a link for "Forgot Password?" and a message "You are not a member" followed by a red "Register" link.
